- **Ms. Graham's third graders have been discussing weather forecasting tools. 3G took to the outdoors to test out their Beaufort scales to help determine wind speed. Using their scales, the students observed their environment for the effects wind has on rising smoke from chimneys, rustling leaves, twigs and branches, as well as, flapping flags.**

- In the PLTW Design and Modeling course with Mrs. Shaveet, sixth graders are working on designing an Ankle Foot Orthosis (AFO).

- Mrs. Dolat's class became engineers this week as they built houses and tested them under various conditions to see which designs worked best.
