School Closed: April Recess

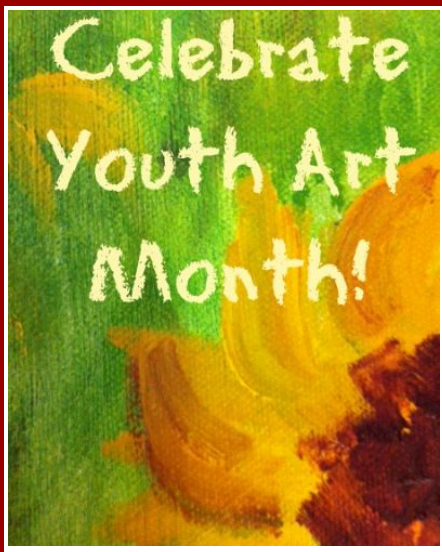

A Message from Ms. Boyle

Congratulations to Sam Patterson, Carley & Jonas Adams, and Martin & Erich Olsen for their participation in the WRSD Special Olympics!

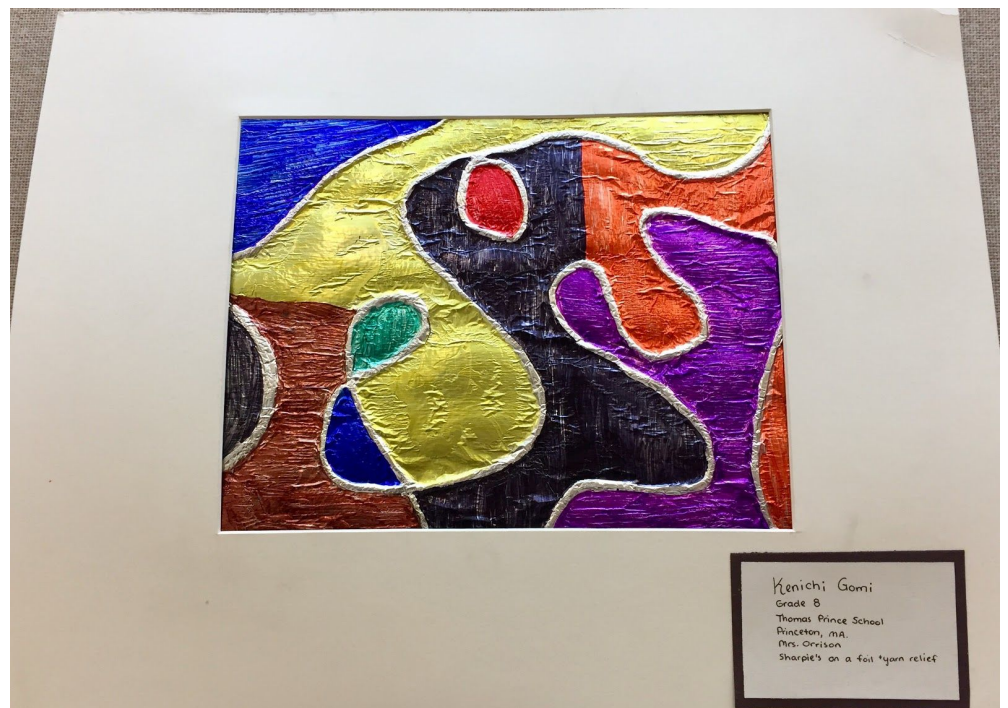

Congratulations to all our YAM Art Show finalists! Thomas Prince School was represented very well by a range of creative 3D and 2D projects from grades K-8! Thank you all for your hard work and dedication to the Arts!

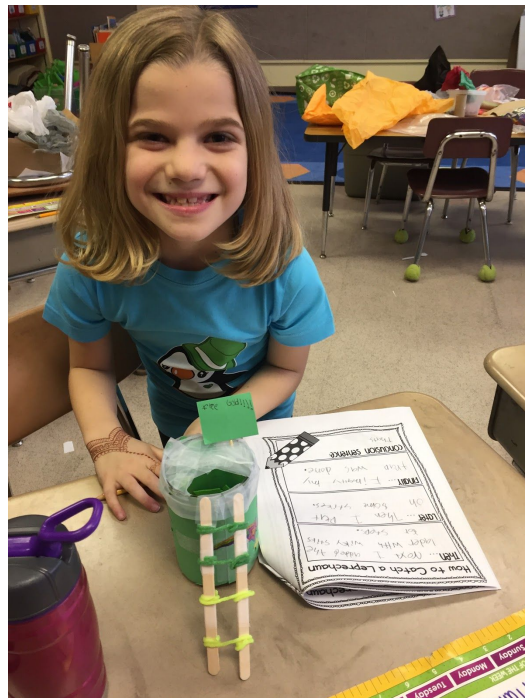

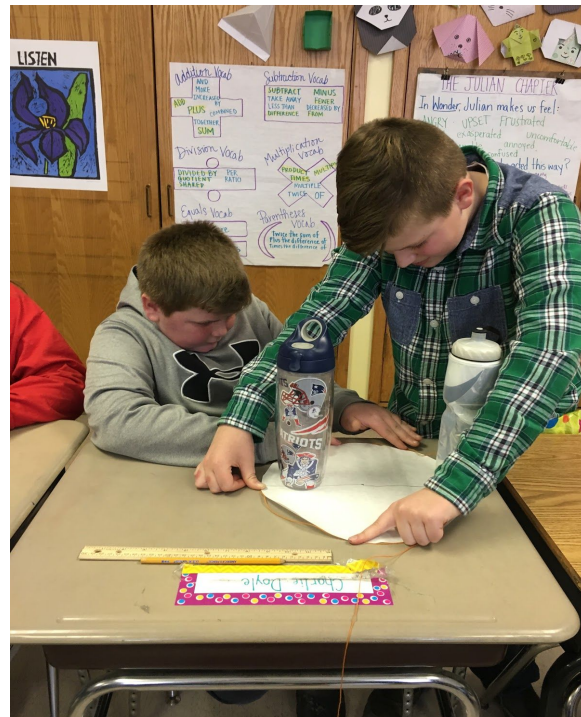

First graders are sporting green to celebrate
St. Patrick's Day! 

Second grade used the engineering design process to make leprechaun traps today!

This week, fifth grade students took to investigating and exploring the math concepts surrounding Pi! Pi Day, traditionally held on March 14, was postponed a day due to our most recent snow days, but the fun was not lost! On Thursday, fifth graders participated in reading about Pi, investigating how and why Pi is used, and solving problems having to do with Pi! Students used measurement, division, graphing, along with other math concepts to work on activities throughout the day. Also, the yearly Pi digit memorization contest was held in both classrooms. From Mr. Sullivan's class the four students who memorized the most digits of Pi were: Riley (71 digits), Tyce (71 digits), Yasiyn (47 digits), and Chris (43). From Mrs. St Pierre's class: Teddy (117 digits), Hannah (116 digits), and Annie (74 digits). In addition, students also created line artwork using the digits of Pi, and a city skyline using graphing and watercolors.

A reminder that grade 7 students who have not been opted out of SBIRT screening will be screened by the school nurse. This is scheduled to take place on March 23rd. A school messenger was sent to all grade 7 families several weeks ago with an opt out form. If you wish your child to opt out please send in the form or an email expressively stating your wishes to tammy_boyle@wrs.net.

Spring track registration is open on Family ID. Please use this link:

<https://www.familyid.com/organizations/thomas-prince-school>

All students who register will participate!

Payment is due upon registration. The first practice is scheduled for April 4th.

Important Safety Reminder about Parent Pick-Up

Please do not idle. Once parents are in the “pick-up zone” **cars must be turned off.** As children see their rides pull into the “pick-up” zone they will raise their hands up and wait for teachers to announce to “Load up” before heading towards their car. The teachers will then assure that the students get into the correct cars safely. Once all cars in the pick up area are safely loaded, drivers may turn their engines on at this time. This rotation will continue until all are picked up.

Coming up next week!

Please check out this link if you are interested in learning more about MCAS:
