1. Strategic Planning Update
2. School Improvement Plan Review

Notes

- The district is deep in the strategic planning process already. Data was collected and analyzed from multiple stakeholders including staff, students, and community members. The administrative team has already begun the process of synthesizing this. Additionally, the steering committee has had its first of four meetings to visualize: the district in three years, the district as currently constituted, and the steps to bridge from now to then.
- The team reviewed the SIP that was created as a gap plan while awaiting the strategic plan.
 - Goal 1 vertical STEAM alignment. A clearer measure would be helpful, discussion of additional Audubon resources for trail guides.
 - Goal 2 School Climate and SEL. Discussion of Advisory adjustments and their role.
 - Goal 3 K-5 Literacy. Discussion of aligned assessments and screeners. Change from Fountas and Pinnell, Additional action items identified as building staff capacity around Science of Reading, LTRS training, and providing families with knowledge on best practices in supporting their children.
 - Goal 4 Arts integration into STEAM. Strike Domain #2 language.
